That is helpful. It seems the St. Mary's county Health Dept is doing a better job and is more transparent about the testing situation. 2	I found Intellihope on FB. It is an amazing place to place ASKs or GIVEs for communities. Many people don't know where to go because they are in a financial bind and have no experience in looking for or asking for help.	3/26/2020 9:47 AM

18	Artists and Artisans are watching their revenue dry up because of ongoing show cancellations or rescheduling of events by organizations who don't have the first clue that most artists already have events scheduled months in advance. So an event re-scheduling will cause another event conflict. If you're going to cancel events, cancel them and refund the fees your organization takes in.	3/24/2020 2:13 PM
19	Need to restrict purchases for certain items to reduce hoarding. Spread the word about using #MDArtsUnite as a Facebook tag for artists suggested by Md State Arts Council.	3/24/2020 2:03 PM

Q5 Do you see an immediate need in the community that is currently not being filled? Tell us in the comment section below.

26	Online, educator led, interactive art programming for our kids. They need arts education options that they are no longer receiving from the schools. Something that they could do at home with materials most households would already have on hand. Would also be nice if you could align the programming with the state of MD curriculum.	3/24/2020 12:14 PM

Unfortunately I see way too many parents do not have the skills to assist in children's homework class work or even going online especially with the new math they have. I do see the community trying to help parents and grandparents but I think everyone at this point is still at a loss.	3/24/2020 10:36 AM

36	I wish the stores would have more fresh fruits like bananas.	3/24/2020 10:24 AM
37	Testing to determine if you have it, and testing to determine if you've ever had it. Only then can we determine if a single exposure produces antibodies in normally healthy people that may protect against getting sick again from the virus.	3/24/2020 10:11 AM
38	I'm outside the immediate community, so am not sure in terms of the local community. Among my arts friends, the immediate need is some sort of opportunity on the horizon to sell art and support families.	3/24/2020 10:01 AM

46	Everyone needs to stay home unless absolutely necessary to be out in the community. People about can cross contaminate others and surfaces.	3/24/2020 9:31 AM

66	People need to stay home. Info gets to get out that this is serious. Social distancing is important	3/24/2020 8:21 AM
67	The County could/should send out a simple mailing to all residents informing them of what to do if they have symptoms, or had a test, and even if no symptoms (e.g., remain home except for essential needs, wash hands frequently, cough into sleeve and stay at least 6 feet away from others).	3/24/2020 8:17 AM

79	I worry that many people won't have enough food or money to pay their bills.	3/23/2020 8:55 PM
80	There are many on-line activities for children, but perhaps a virtual tour of the art at AMG would be nice for those who can't visit right now. Also, if people are creating fairy houses, a photo tour of the creations would be fun.	3/23/2020 8:54 PM
81	I don't know, I'm so overwhelmed	3/23/2020 8:54 PM

1	Southern Maryland Center for Independent Living impacts and improves the quality of life for people with disabilities. they are working from home to maintain connectivity with their consumers, but new consumers finding themselves in need may not know where to call now for help. There are financial issues that impact the quality and level of support to SMCIL as well, as no funding is received while the office is closed. These folks are so caring and concerned that new requirements will not be fulfilled.	3/26/2020 9:47 AM

34	How about an event where artists can sell their product through your center. Someone making a live fb video promoting products of each artist that has been part of your centers markets. This is something we can do on our own. But I'm sure your center has a larger base of followers than each artist out there. Just a suggestion. :)	3/24/2020 8:15 AM

4	We are doing very well right now and are used to not being out and about but I do know of neighbors who have husbands and children at home and they could use something online to either entertain or educate the families. I know this is a big order but I know families who are sheltered in their home with 6 or more people and I imagine that things can get a little dicey at times for them.	3/25/2020 1:39 PM
5	I was not aware of how relaxing by walks were until I was denied entrance. I walk in my neighborhood but there is no beautiful inspiring art or whimsical creations to tickle my imagination.	3/25/2020 11:59 AM

11	As of yesterday, all of Oahu is in shelter in place and only essential places are open. I loved performing there over the years and have a trip to east in April which will likely be canceled. So sorry. I wanted to come by and see the Garden. I saw at Christmas you put up the "jellyfish" sea nettle display. Is that year round? I really wanted to see that! Oh, by the way, they are called Jellies here. They come once a month 2 weeks after full moon and they are very, well, terrible.....	3/24/2020 6:06 PM
12	It would be useful to have a list of places that need things, Help, Food, interaction etc, because I think a lot of people want to help but don't know how. Thank you for allowing me to be a small part of your Awesome Arts community. I met many wonderful friends there.	3/24/2020 10:26 AM
28	I am far from your community, in the epicenter in NYC, and the human connection is the thing most missed...not social media so much as the human voice. Call your friends OFTEN !	3/24/2020 10:25 AM
29	Possibly something where people could drive through? Drive through art exhibits or lights at night. Nothing big and credit purchase ahead of time but something to keep business going and for families to do with little interaction.	3/24/2020 10:18 AM
30	Well, I live alone outside a small town and we're under a stay at home order. It's great for finally getting my spring garden in on time, but I'm feeling very disconnected from the human world. 38	People are scared. Uncertainty is never comfortable and I believe most of us were unprepared for this sort of situation. I think people could use all the anchors available. Anchors to their favorite places, activities, hobbies and people. If you all can do that in some way, it would be great for the community.	3/24/2020 9:00 AM
39	kids are going to have a hard time. they miss their friends already and need to move and play, they are overdosing on screentime (understandably). school systems should be able to go digital, but not everybody has access, so that is a problem (not a new problem, but now maybe a bigger issue)	3/24/2020 8:42 AM

48	I wish I had some brilliant idea of how you could help but unfortunately I don't. A lot of service workers are out of work - and they need as much support as possible but I'm not sure how that translates to AMG.	3/24/2020 8:09 AM
49	No	3/24/2020 8:08 AM
50	It would be neat to organize some "zoom" art classes. a chance to create and also add a bit of structure to the day. Maybe after the need to social distance ends, we could put the created art in a show..... Drawing classes, painting, collage making, creating and reflecting.	3/24/2020 7:32 AM
51	I am so grateful that you have allowed the outdoor garden to remain open, and thank you for your generosity in waiving fees for the duration. Kudos!	3/24/2020 5:52 AM

53	I don't know if there is anything I can do to help others during this time. As an 80 yr old with a 90 yr old husband, I'm inclined to be happily (if healthy) at home. I perhaps can donate or do something?	3/23/2020 11:07 PM
54	Willing to help out if there is some way I'm able to help.	3/23/2020 10:36 PM

66	If we could find a way to help self employed service workers like dog walkers and house keepers. My dog walker is losing her income and her self employment means most stimulus packages overlook her. Some kind of fund raiser would be awesome.	3/23/2020 7:39 PM

69	I am a teacher and I am devastated. I've been asked to provide, within 2 days, 20 hours of lessons to give to my students. I am stressed and worried for the first time this break. I was fine taking care of my kids, but I saw their hearts drop when I told them mommy couldn't work with them and play with them tomorrow because mommy has to prepare for the unthinkable. They're devastated that their school year is over - field trips and performances cancelled. I am worried about my Girl Scout troop, my students who aren't as fortunate as others. I'm so many things Right now and I am so thankful that you're reaching out. I feel like when a friend asks, I can be okay. But when someone, out of the blue, like you asks - I am so touched. Thank you.	3/23/2020 7:09 PM
70	I'm hoping to register my daughter for a summer camp session. But I'm waiting to do so until the social distancing is over. Hopefully it won't last through the summer!	3/23/2020 7:08 PM
